

## **ABSTRACT GUIDELINES AND INSTRUCTIONS FOR SUBMISSION OF ABSTRACTS**

Authors may submit original, unpublished research for a poster presentation. Poster presentations may be work in progress and include less definitive results, experimental designs for which data have not yet been obtained, or historical summaries bearing on new results. Authors must indicate whether the work is completed or work in progress on the cover sheet. Abstracts should contain sufficient information for the program committee to select and organize the papers. Abstracts should clearly reflect basic or applied research efforts and not a commercial product. **Please note these are the directions for non-extended abstracts!**

1. Please confine the body/narrative of your abstract to 150 words. Please do not include figures.
2. Begin the title flush with the left margin. The title should be as brief as possible but long enough to indicate clearly the nature of the study. Capitalize the entire title but only the title. Follow with the first and second name initial only and last names of authors (first name first in all cases). After authors, give name and location of the institution where the work was done, including the country. Do not abbreviate names of states; include zip and mail codes.
3. Leave a double space before beginning the body of the abstract. Abstracts should be informative and should contain: (a) a single sentence stating the study's specific objectives, unless given by the title; (b) a brief statement of methods; (c) a summary of the results; and (d) a statement of the conclusions. Describe what is new in this presentation.
4. At the conclusion of the abstract identify the sponsoring agency in appropriate form.
5. Authors should submit their abstract AND abstract submission form via email to [sprbm2012abstracts@gmail.com](mailto:sprbm2012abstracts@gmail.com). All submissions should be in electronic format, either PDF or Microsoft Word documents are acceptable.
6. If the paper is to be considered for student travel support, be sure to submit a student travel support application.  
***Failure to follow instructions could result in rejection of your submission.***
